Weather Probabilities.

For this section partly cloudy and colder tonight. Tuesday fair, much colder; light to fresh northerly winds.

The Churches Yesterday.

The churches were all fairly well attended yesterday notwithstanding the threatening weather.

Rev. Father O'Hara, of the Apostolic Mission House, Brookland, D. C., delivered the sermon yesterday evening at the reapers' services at St. Mary's Church. His theme was "Christian Heritage." A large congregation was present. Gregorian music was rendered by an augmented choir, under the direction of Mr. P. F. Downey.

The services last night in the Methodist Episcopal Church South were well attended. The pastor, Rev. Charles D. Bullis, delivered the first of a series of sermons to young men. His subject was: "Is the Young Man Safe? No—If he is Aimless."

The pulpit of the Second Presbyterian Church was occupied by Rev. D. W. Hollingsworth, of Hinton, W. Va. The reverend gentleman is a grandson of Rev. David Willis, who has on several occasions recently preached in the Second Church. Mr. Hollingsworth's sermons were greatly enjoyed. A congregational meeting will be held next Sunday morning for the purpose of calling a pastor, should the way be clear.

The pulpits of the other churches were occupied by the resident clergy.

Held Company Responsible.

Coroner Ashton, of Alexandria county, yesterday held an inquest at Del Ray for the purpose of ascertaining the facts in connection with the death of Wm. E. Fuller, who was struck and killed by a Southern Railway locomotive yesterday week. According to the evidence Fuller, while on duty, jumped from a south-bound train in the Potomac yards, and as he did so he was run down by an engine on an adjoining track. It was testified by witnesses that the engine carried no headlight, although it was still dark, and did not whistle or ring its bell. Engineer Hamilton, who was in the cab of the locomotive which struck Fuller, said that he had seen the man on the track when about 100 yards away, and had sounded the whistle, rung the bell, and applied the emergency brakes. He said the engine, which was backing, was provided with lights on the tender. The failure to stop in time, the witness said, was due to wet tracks. Another railroad man who was on the engine gave testimony in the main corroborating the engineer's statement. The verdict of the jury held the Southern Railway responsible for Fuller's death.

A Terrible Forecast.

Twenty-five of the largest American cities to be wiped off the face of the earth within the next two years—New York and Washington, and incidentally Alexandria, Baltimore and Richmond—according to the prophecy made by Edmund Scribner Stevens, of Washington, self-styled prognosticator, astrologer and royally appointed agent of King Cyrus the Great, for whom he says he will act until the long dead ruler revisits the world. Denver, London, Paris and Rome are equally doomed. It's a question whether Baltimore will be left on the map. "The world is in the throes of an upheaval which will eventually right the earth and make the North Pole north and the South Pole south. Instead of having the earth's axis on a slant," says the aged prophet, "that upheaval will cause flood, fire and earthquake, and most of the large cities of the world are going to suffer; some of them will be destroyed."

Pistol Shot.

A pistol shot was heard shortly before 11 o'clock last night in the court bound by Prince, Duke, Columbus and Alfred streets. By direction of Lieutenant Smith, Officer Arrington made an investigation, but he was unable to ascertain who discharged the pistol or the cause. This morning Officer Beach continued the investigation with no better result. An umbrella (hoisted) with the name "B. Burke" on the handle was found near the place where the shots are said to have been fired. Later in the day it was ascertained that a colored boy named Harry Burke living at 517 north Columbus street, was shot at by an unknown white man. The ball whizzed close to the boy's head, and he dropped his umbrella and fled. The father of the boy went to the station house today and identified the umbrella as the property of his son.

Charged with Picking Pocket.

Officers Roberts and Jones yesterday arrested Private Alva Thurman at Fort Hunt on suspicion of having picked the pocket of a rich New Yorker, whose name is not known to the police, and robbing him of a gold watch and a diamond-studded Masonic emblem. The stolen articles, which were recovered by the officers, were sold to a soldier for \$60. Thurman was brought to this city. He denies having stolen the jewelry and claims he found it near the platform at Hunter's station on the electric railway. The case was called in the Police Court this morning when Thurman was turned over to a sergeant at Fort Hunt where he has a term to serve in the guard house. When this shall have expired he will be turned over to the Fairfax authorities.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning: Frank Williams, arrested by Chief Goods charged with being drunk and carrying concealed weapons, was fined \$50.

William Johnson, alias Frederick Lewis, colored, arrested by Officer Sherwood charged with removing an awning from a steam yacht, was sent out of the city.

Alva Thurman, arrested by Officers Roberts and Jones charged with stealing a gold watch, chain and charm, was held for the action of the Fairfax authorities.

Two horses, taken up stray, were held for identification by the owner.

The weather yesterday was rainy and at times uncomfortably warm. During last night there were several showers. Shortly before day this morning there was a heavy down-pour which checked some of the severe.

Mr. Rixey.

Some of the papers in the Eighth congressional district have been erroneously making the statement that Mrs. J. F. Rixey has gone to Colorado to join Mr. Rixey, and that they would both remain there until the first of December. Some other papers, enlarging on this statement, have stated that Mr. Rixey was very ill in Colorado, and Mrs. Rixey had been summoned there. Mr. Rixey has not been ill in Colorado, and Mrs. Rixey has not gone there. On the contrary Mr. Rixey returned from Colorado over a week ago improved in health. He is now in New York consulting a throat specialist. This specialist is very encouraging and says that the trouble is confined entirely to the throat, and that it will yield to treatment. Mr. Rixey is expected back in Washington soon and will be in his seat in the House when Congress meets.

Rehabites.

Perseverance Tent, No. 1098, I. O. of R., at their regular meeting tonight will be visited by Purity Tent, No. 4, of the District of Columbia. The latter will be accompanied by a delegation from the Past Chief-Rulers' Association. An interesting meeting is promised all who attend. There will be 6 or 8 initiations. Perseverance Tent is now in a prosperous condition, with a large membership, which is growing at every meeting. On the night of Thursday, Nov. 29th, this tent will give an open meeting to their friends at their hall, on south Fairfax street. The entertainment will consist of a musical and literary programme and the committee in charge promises a pleasant evening to all who attend.

Sent Out of the City.

William Johnson, alias Frederick Lewis, colored, was arrested yesterday by Officer Sherwood on suspicion of stealing the canopy from Mr. August Calmes' steam launch. He was brought before the Police Court this morning when it was ascertained that early yesterday morning the darkey was found by some citizens on the wharf asleep and wrapped up in the canopy. The station house was notified when Lieutenant Smith sent Officer Sherwood after the negro. Johnson is from Trinidad and last week he was arrested on suspicion of stealing a gun, but was released, as the complainant failed to appear. Justice Caton sent the prisoner out of the city.

Lost His Check.

Mr. E. N. Thorne, of Midland, on Saturday last sold a horse to Mr. F. S. Harper, receiving therefor a check for \$145. He later lost the check, and was considerably worried in consequence, fearing it would be found and the amount collected by the finder. The banks were closed when Mr. Thorne discovered his loss, and although he was assured that the payment of the check would be stopped, his anxiety continued. As soon as the doors of the bank upon which the check was drawn were opened this morning the officers were notified of the loss of the check.

Concert.

There will be a concert and physical culture drill on Friday, November 23, at 8 o'clock p. m., in the lecture room of the Methodist Protestant Church, under the direction of the Misses Blanche and Edith Rotchford and pupils of 1906. No comment need be made on this concert, as it goes without saying, that the Misses Rotchford never enter into anything except to make it a grand success, as they have already successfully proved themselves to be thoroughly competent and capable, on former occasions.

German Club.

The Alexandria German Club was organized last week, and arrangements were made for a number of entertainments this season, the first to be given Friday, November 30. The committee is composed of Dr. Thomas B. Cochran, chairman; Mr. Arthur Herbert, jr., secretary and treasurer; Judge Louis C. Barley, Messrs. Harry Beverley, Douglas Stuart, James Douglas, Eugene B. Taylor, and Marshall L. King.

Atkins, for the past 43 years manager for the late Frank Hume, in the conducting of his large grocery business in Washington, died this morning at Providence Hospital, Washington, aged 62 years. Thursday evening Mr. Walter Rogers gave a delightful surprise party to his wife, the occasion being the seventh anniversary of their marriage. Euchre was played until a late hour, when supper was served, the feature of the evening being a beautiful wedding cake, containing a ring, a dime, and a darning needle. The ring fell to the share of Mrs. Alfred Thomson, the dime to Mr. John Agnew and whoever received the darning needle refused to confess.

No Locomotives in Washington.

Steam engines will be prohibited entrance to the District of Columbia on the completion of the new union station, in Washington. The Commissioners of the District of Columbia yesterday took final action in an order prohibiting the use of anything but electric engines in drawing trains into the new union station. This applies to all railroads entering the city and is made in the interest of the anti-smoke crusade which has waged in Washington for several years.

LOCAL BREVITIES.

The ladies of Grace Episcopal Church will give an oyster supper and bazaar at Old Fellows' Hall, north Columbus street, Tuesday evening.

George Brown, colored, an employee at the Potomac railroad yards, north of this city, had his left hand seriously mashed while working on the coal chute at that place last Saturday. It was at first supposed that it would be necessary to amputate the fingers and the thumb, but Dr. Smith, after having examined the injuries, deemed this course unnecessary.

A locomotive while being "jacked up" in the Southern Railway round house last Saturday fell into the pit under it. A workman who was in the pit escaped injury. The engine was considerably damaged.
